Re: WC Docket No. 14-58
Amended 2017 ETC Annual Report of Wilkes Telephone & Electric Co.
Study Area Code 220394

Dear Ms. Dortch:

On behalf of Wilkes Telephone & Electric Co. ("Company"), JSI files the attached amended confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ This filing supersedes the Company's previous submission of June 23, 2017. Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System.

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590
jkuykendall@jsitel.com

Select the appropriate responses below (Yes, No, Not Applicable) to note compliance as a recipient of Incremental High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e). The information reported on this form and in the documents attached below is accurate.

Incremental Connect America Phase I reporting

- <2011> 3rd Year Certification 47 CFR §54.313(b)(1)(ii) - Note that for the July 2017 certification, this applies to Round 2 recipients of Incremental Support.
- <2022> Recipient certifies, representing year three after filing a notice of acceptance of funding pursuant to 54.312(c), that the locations in question are not receiving support under the Broadband Initiatives Program or the Broadband Technology Opportunities Program for projects that will provide broadband with speeds of at least 4 Mbps/1Mbps - 54.313(b)(2)(i). Round 2 recipients only.
- <2023> The attachment on line 2024 includes a statement of the total amount of capital funding expended in the previous year in meeting Connect America Phase I deployment obligations, accompanied by a list of census blocks indicating where funding was spent. This covers year three - 54.313(b)(2)(ii). Round 2 recipients only.
- <2024A> Round 2 Recipient of Incremental Support?
- <2024B> Attach list of census blocks indicating where funding was spent in year three - 54.313(b)(2)(ii). Round 2 recipients only.
- <2025A> Round 2 Recipient of Incremental Support?
- <2025B> Attach geocoded Information for Phase I milestone reports (Round 2 for year three) - Connect America Fund , WC Docket 10-90, Report and Order, FCC 13-73, paragraph 35 (May 22, 2013).
- <2015> 2016 and future Frozen Support Certification 47 CFR § 54.313(c)(4)

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
--	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
---	--	--

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

UNFULFILLED SERVICE REQUEST(S) 2016

We have one unfulfilled service request from the calendar year of 2016. It is for a residential location in a Greenfield location located in the Serenity Point Sub-Division in Lincoln County Georgia. The order was received by our business office on January 4, 2016. The customer requested Voice and Internet Services and was told upon application that Wilkes Telephone did not have facilities in the sub-division and that construction both to the greenfield area as well as to her property would be required and that pricing evaluation would be required.

Wilkes Telephone secured an Engineering firm to stake and forecast the pricing to put together a bid package for the sub-division. Wilkes Telephone received two quotes to build the sub-division location to place the mainline cable to be able to build to this one subscriber. This was mainline only with no drop placement and it made sense to build the entire sub-division as it would be more costly to go back later each time we had a request and once sidewalks and landscaping went in- the costs would increase even more as conduit was not put into place during the planning/development phase of the area for communications facilities.

We have yet to receive confirmation that the sub-division has County ROW- but that it is our understanding the only private ROW exists, even though the developer continues to say that the County will assume the ROW responsibility- we have not received anything in writing to this effect since the initial order placement.

Wilkes' estimates were as follows:

Engineering including staking- \$41,325.00 (of this we went ahead and staked to develop the bid package information/requirements-so to date we have paid appx \$17,000.00 for the staking process with no additional request from the one subscriber). The bid package pricing that followed the staking came to a total of \$132,615.91 to build mainline. Putting the entire costs for this one order request at a total of \$173,940.91 which places this subscriber in the 'not-feasible to construct' bucket.

To date, we have not received any other requests for services in this sub-division and to our knowledge, this customer has never begun construction of her home at this residential site.

The subscriber requesting this service filed a complaint with the Georgia Public Service Commission January 4, 2016 stating that she had requested the installation of services, but to date- Wilkes Telephone had refused to install the service for her. In reviewing the Lincoln County Tax Assessor's office records- to date- no home has been constructed at the physical address where this customer states she was in the process of building. As far as County Records show- no home has been constructed to date in this sub-division.

**Demonstration of Complying with Applicable Service Quality Standards and
Consumer Protection Rules for Voice and Broadband**

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Wilkes Telephone and Electric Company, Inc. (“Company”) hereby certifies that it is in compliance with applicable service quality standards and consumer protection rules. Company is subject to consumer protection obligations under Georgia state law and federal law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the Georgia Public Service Commission which discloses rates, and terms and conditions of service to customers (Chapter 515-12-1-.02(5)(a) and .04(5) of the Rules and Regulations of the State of Georgia); (2) adherence to state consumer protection requirements governing telephone providers which require Service Standards (Chapter 515-12-1-.17 and .18 of the Rules and Regulations of the State of Georgia); Customer Billing (Chapter 515-12-1-.04(4) of

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

the Rules and Regulations of the State of Georgia; and Customer Complaints (Chapter 515-12-1-.08 of the Rules and Regulations of the State of Georgia); (3) truth-in-billing requirements (Chapter 515-12-1-.04(4) of the Rules and Regulations of the State of Georgia); and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the 2015 Open Internet Order when it becomes effective.

Demonstration of Ability to Function in Emergency Situations for Voice and Broadband

Wilkes Telephone and Electric Company, Inc. (“Company”) hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and Chapter 515-12-1-.11(4) of the Rules and Regulations of the State of Georgia. Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2) and Chapter 515-12-1-.11(4) of the Rules and Regulations of the State of Georgia. Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Company’s standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

GEORGIA SUFFERED A MAJOR ICE STORM AND COMMERCIAL POWER FAILURES ON JANUARY 28, 2014. WILKES WAS NOT SPARED IN THAT REGARD AND WE HAD APPROXIMATELY TEN HOURS OF COMPLETE COMMERCIAL POWER LOSSES AT SOME OF OUR SITES. WILKES WAS ABLE TO KEEP SERVICES FUNCTIONING BECAUSE WILKES HAS LONG INVESTED IN BACK UP POWER SOURCES (GENERATORS) AT ALL CRITICAL PLANT SITES AND AT THE CORPORATE OFFICE TO SUPPORT THE CUSTOMER BILLING PLATFORM SYSTEM WHICH SUPPORTS REVENUE TRACKING.

THE ATTACHED LIST IS REPRESENTATIVE OF 26 GENERATOR UNITS WHICH ARE DISPERSED WITHIN THE WILKES PLANT TERRITORY. THESE UNITS ARE MAINTAINED AND AUDITED ON A MONTHLY BASIS. SOME ARE PROPANE, WHILE OTHERS ARE DIESEL TO ENSURE THAT IF IN THE EVEN OF OUR ABILITY TO SECURE ONE OR THE OTHER TYPE OF FUEL SOURCE, WE HAVE A MEASURE OF REDUNDANT SUPPORTING PLANT. ALL LOCATIONS OTHER THAN THE MAIN CORPORATE OFFICE ARE REMOTE AND CENTRAL OFFICE LOCATIONS STRATEGICALLY LOCATED WITHIN THE OSP/CO FOOTPRINT AND IN THE EVENT OF PARTIAL OR COMPLETE COMMERCIAL POWER ARE EQUIPPED TO KEEP VOICE (E911 AND FULL VOICE COMPONENT SERVICES), BROADBAND AND VIDEO SUPPORTED SERVICES TO ENSURE THAT IF A CUSTOMER LOCATION IS FUNCTIONING WITH POWER- OUR SERVICES ARE SUPPORTED TO DELIVER THE SERVICES FOR WHICH THE SUBSCRIBER PAYS. THIS KEEPS EMERGENCY SERVICES INTACT.

Wilkes Telephone & Electric Company

Section H
Fourth Revised Sheet 1
Cancels Third Revised Sheet 1

LOW INCOME PROGRAM

H.1 General

The Company, as part of its obligations as an Eligible Telecommunications Carrier, offers a low-income assistance program. This program, Lifeline Assistance, is offered under the terms and conditions provided below: (C)

H.1.1 Lifeline Assistance

1. General

- a. Lifeline Assistance is a non-transferable retail service offering for which qualifying residential low-income subscribers pay reduced charges, as provided for below. Lifeline Assistance enables eligible subscribers to pay reduced charges for either voice telephony service (voice) or broadband internet access service (broadband) but not both.
- b. Voice telephony service includes the following services: voice-grade access to the public switched network or its functional equivalent; local usage; access to emergency services; and toll limitation.
- c. Broadband service includes the following: the capability to transmit data to and receive data from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up service.

2. Regulations

Subscribers are eligible for Lifeline Assistance if:

- a. The subscriber's household income is at or below 135 percent of the Federal Poverty Guidelines, or
- b. The subscriber, or one or more of the subscriber's dependents or the subscriber's household, receives benefits from at least one of the following qualifying programs:

Medicaid;
Supplemental Nutrition Assistance Program (SNAP), formerly known
as Food Stamps;
Supplemental Security Income (SSI);
Federal Public Housing Assistance;
Veterans Pension and Survivors Benefit Programs (C)

LOW INCOME PROGRAM

H.1.1 Lifeline Assistance (Cont'd)

2. Regulations (Cont'd)

- c. In addition to meeting the qualifications provided in paragraph 1. or 2. of this section, in order to constitute a qualifying low-income customer, a customer must not already be receiving a Lifeline service (voice or broadband from either a wireless provider or fixed provider), and there must not be anyone else in the subscriber's household subscribed to a Lifeline service (voice or broadband from either a wireless provider or fixed provider). Further, the customer must subscribe to broadband service that meets the minimum service standards set forth in section 54.408 of the FCC rules.
- d. Until the National Lifeline Eligibility Verifier has been implemented in Georgia, each subscriber to Lifeline Assistance must certify in writing to the Company, under penalty of perjury, that s/he receives benefits under a program outlined in sub-paragraphs (B)(1) through (B)(3), above, and must, on that same document, agree to notify the Company if s/he ceases to participate in the program(s). The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.
- e. A subscriber may elect at the time of subscription to voice Lifeline Assistance to receive toll limitation as part of Lifeline Assistance. "Toll limitation" is a service that allows a subscriber to elect not to allow the completion of outgoing toll calls from the subscriber's residence.
- f. Voice Lifeline Assistance will not be disconnected for non-payment of toll charges unless the Company offers toll limitation without charge.
- g. The Company may not collect a service deposit in order to initiate voice-only Lifeline Assistance if the qualifying low-income subscriber voluntarily elects toll blocking from the Company, where available or if the qualifying low-income subscriber elects a calling plan that does not distinguish between toll and non-toll calls in its pricing. If toll blocking is unavailable, then the Company may charge a service deposit.

LOW INCOME PROGRAM

H.1.1 Lifeline Assistance (Cont'd)

3. If an eligible customer chooses the support for voice service, then the Company shall apply the baseline payments received by the administrator of the federal Lifeline Assistance program to waive the qualifying customer's federal Subscriber Line Charge. The Company shall apply any additional federal support amount to the qualifying customer's basic local exchange service rate.
4. Deleted.
5. To be eligible for Lifeline Assistance, qualifying customers must subscribe to a flat-rate basic local exchange service offering that is made available in the Company's service area.
6. Partial payments that are received from Lifeline customers shall first be applied to local service charges and then to any outstanding toll charges.

LOW INCOME PROGRAM

H.1.1 Lifeline Assistance Credits

(N)

A. Voice Telephone Service -

1. The following monthly credit will apply for each customer eligible for Lifeline Assistance who chooses to apply its Lifeline Assistance to voice telephone service.

Monthly Credit
Federal Credit \$9.25

2. Credit amount will not exceed the basic charge for local telephone service, which includes the Subscriber Line Charge, access line and local usage.
1. Pursuant to FCC Rules 47 C.F.R. Section 54.403, stand-alone voice telephone Lifeline support or voice service bundled with broadband below the minimum standards set forth in section 54.408 of the FCC rules will be phased out as described below:
 - (i) Beginning Dec 1, 2019 - the support amount will be \$7.25 per month;
 - (ii) Beginning Dec 1, 2020 - the support amount will be \$5.25 per month;
 - (iii) Beginning Dec 1, 2021, the support amount will be \$0.00. (see Note 1)

Note 1: The support amount for standalone voice service, or voice service not bundled with broadband which meets the minimum standards set forth in section 54.408, provided by a provider that is the only Lifeline provider in a Census block will be remain at \$5.25.

A. Broadband Service

1. The following monthly credit will apply for each customer eligible for Lifeline Assistance who chooses to apply its Lifeline Assistance to broadband service.

Monthly Credit
Federal Credit \$9.25

2. Credit amount will not exceed the basic charge for broadband service

Wilkes Telephone and Electric Company, Inc. - SAC 220394

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Wilkes Telephone and Electric Company, Inc. - SAC 220394 hereby certifies that throughout 2016, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, the Company offers broadband service at the highest available speed.
